Here's What's on the Entrepreneur's Toolkit CD:

Interactive Exercises & Templates

Entrepreneurs tell us they love the interactive exercises, but some hate to write in the book! We listened... now 22 exercises from the book are available in Microsoft Word®. If you prefer to brainstorm or do the exercises with your word processor... it's easy, just open the CD toolkit, select the appropriate page and begin typing!

Powerful Sales Calculators

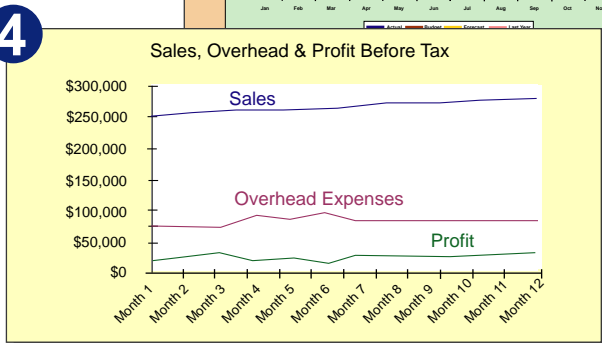

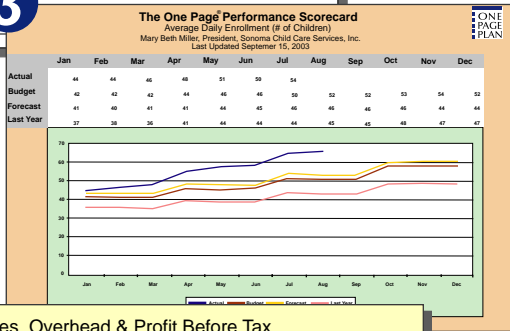

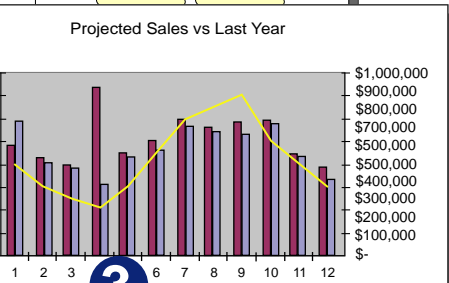

Estimating sales can be difficult! We've made it simple! The Entrepreneur's Toolkit CD contains three ready made Sales Calculators* that allow you to perform multiple "what-if sales scenarios". It also contains a mini-sales budgeting system. This is a great tool for entrepreneurs who are intimidated by the "numbers" associated with business!

One Page Performance Scorecards

Tracking business goals monthly is critical to achieving success... and it's easy to do with the One Page Performance Scorecards using the pre-formatted Excel® spreadsheets. Create a Scorecard for each Objective on your One Page Business Plan. Comparisons to Budget, Forecast and Last Year are quick and easy!

One Page Budget Worksheet

Every business needs a budget... especially small ones! The One Page Budget Worksheet makes creating a 12 month Income and Expense Statement simple and easy. Use a Sales Calculator to help determine revenues, estimate your expenses and presto... you have a budget!

And Over 20 Additional Sample Plans... PLUS 10 Bonus Tools

Your CD toolkit includes over twenty additional sample One Page Business Plans accessible with Microsoft Word® (including four non-profit plans). PLUS... Your CD Toolkit contains 10 additional practical and powerful bonus tools!
